Attn: Fire Plans Review

Re: Building 300
820 Pace Rd.
Auburndale, FL. 33823

Permit request to install (1) Napco StarLink Fire Max 2 fire communicator at the project listed above. New communicator is to be installed next to existing FACP, to report fire, supervisory and trouble signals from FACP.

- New cellular unit will be compatible with all existing equipment and devices
- Final installation will be in compliance with NFPA 72, NFPA 70, & manufacturer's specifications.
- Antenna cut trouble contacts to be monitored by host FACP.
- Surge suppression will be installed per NFPA 70 on all circuits extending to the outside of structure, including exterior antenna.
